# Skargard

Our love of natural products and the "Bohuslaenska" is reflected in our range and with special consideration for the environment.

Skargard's seawater soaps are made of 100% natural ingredients and are equipped with a handmade loop of hemp rope with a cork, so they won't sink! They give a nice foam in salt water.

The soaps come in two sorts, sea weed and seabuckthorn. They both contain natural oils to not dry out the skin.

Art.no.230040  
Seawater soap Seabuckthorn 200 g

Art.no.230050  
Seawater soap Sea weed 200 g
